Hosts: Don & Debbie Aughenbaugh

6:15 PM Members signed in

6:30 PM Attendees introduction

6:40 PM Nominations to the Board.

6:45 PM Amy Snow and Don Aughenbaugh unanimously elected to the Board

6:50 PM Discussed the appearance of the lake. Points discussed were

1) possibilities of draining (EXPENSIVE)

2) possibility of changing chemicals (Peter Clark agreed to have a discussion with Mike, our grounds keeper)

3) trying to maintain AS IS, realizing that the appearance of the lake does not outweigh the wildlife that would be jeopardized by

anything we try to do to make it clearer and "prettier." Peter Clark to have conversation with Mike about being more proactive

with current lake maintenance, perhaps putting algae treatments on a more regular schedule.

7:18 PM Wrapped up discussion about landscaping. Ronald Wade agreed to get bids from other landscapers for Board to

review. Peter Clark to find out what Mike is using to kill weeds in drainage ditches and on the stone wall... to see if it is

environmentally sound. Also Don Aughenbaugh will send a breakdown of Mike's expenses to Ron Wade.
